Quik Drive® from Simpson Strong-Tie is the World's most advanced autofeed screw system. It significantly reduces the time and effort required when fixing ceilings, floors, decking and mezzanine floors using screws.

The system is compatible with most leading screw guns and offers speedy, easy to load and jam-free operation using our unique collated screw clips. The unique extension fitting delivers the screws to floors and ceilings from a normal standing position, and that means a lot less wear and tear to your knees and back!
